

GOD’S WORDS FOR TODAY (Jn. 6:1-15)

The Holy Gospel according to St. John

Jesus went across the Sea of Galilee. A large crowd followed him, because they saw the signs he was performing on the sick. Jesus went up on the mountain, and there he sat down with his disciples. The Jewish feast of Passover was near. When Jesus raised his eyes and saw that a large crowd was coming to him, he said to Philip, "Where can we buy enough food for them to eat?" He said this to test him, because he himself knew what he was going to do. Philip answered him, "Two hundred days' wages worth of food would not be enough for each of them to have a little." One of his disciples, Andrew, the brother of Simon Peter, said to him, "There is a boy here who has five barley loaves and two fish; but what good are these for so many?" Jesus said, "Have the people recline." Now there was a great deal of grass in that place. So the men reclined, about five thousand in number. Then Jesus took the loaves, gave thanks, and distributed them to those who were reclining, and also as much of the fish as they wanted. When they had had their fill, he said to his disciples, "Gather the fragments left over, so that nothing will be wasted." So they collected them, and filled twelve wicker baskets with fragments from the five barley loaves that had been more than they could eat. When the people saw the sign he had done, they said, "This is truly the Prophet, the one who is to come into the world." Since Jesus knew that they were going to come and carry him off to make him king, he withdrew again to the mountain alone.

Reflection:

The feeding of the five thousand shows the remarkable generosity of God and his great kindness towards us. When God gives, he gives abundantly. He gives more than we need for ourselves so that we may have something to share with others, especially those who lack what they need. Do you trust in God's provision for you and do you share freely with others, especially those who are in need?

Prayer:

Lord Jesus, fill me with gratitude and give me a generous heart that I may freely share with others what you have given to me. Amen.

MISSION VISION

“To be a sign of faith as an excellent educational institution, sharing in the Lasallian mission of teaching minds, touching hearts and transforming lives.”

Holiday in the Philippines: Labor Day on May 1

Labor Day is one of the few holidays recognized the world over and is seen as a regular holiday anywhere it is recognized or practiced. For Filipinos, Labor Day happens every May 1, the same day that the world recognizes their own Labor Day and International Workers' Day.

To date, we only know of eight countries that celebrate Labor Day on a different date, including the US and Canada who both celebrate it on the first Monday of September. It's also not recognized in Japan, though it does fall within Golden Week, prompting many workers to file a leave during May 1. For the record, they celebrate Labor Thanksgiving Day on November 23.

History

Labor Day had its roots in the United States, though who thought of it is still being disputed. What is widely agreed upon is that most of the world celebrates it on May 1.

For the Philippines, our first Labor Day took place on May 1, 1913. Filipino workers and labor leaders convened a labor congress at the Cine Oriente along today's C.M. Recto Street in Manila. The call echoed the same calls made in the US decades earlier: better pay, better working conditions, and eight-hour work days instead of 12.

How to avoid summer's most common diseases

Sore eyes

Sore eyes or conjunctivitis is manifested through the inflammation and redness of the conjunctiva covering the whites of the eyes. It can be caused by a viral infection, bacteria, chemicals, or trauma. Sore eyes can be easily spread from person to person by touching the eyes or eye secretions of the contaminated and touching your own eyes. It is no laughing matter, as it can lead to blindness if not treated properly.

Tips:

- Do not use eye drops without consulting a doctor first
- Wash your hand frequently and thoroughly with soap and water
- Minimize hand-to-eye contact
