

GOD’S WORDS FOR TODAY (Mk 4:26-34)

The Holy Gospel according to St. Mark,

Jesus said to the crowds: “This is how it is with the Kingdom of God; it is as if a man were to scatter seed on the land and would sleep and rise night and day and the seed would sprout and grow, he knows not how. Of its own accord the land yields fruit, first the blade, then the ear, then the full grain in the ear. And when the grain is ripe, he wields the sickle at once, for the harvest has come.”

He said, “To what shall we compare the Kingdom of God, or what parable can we use for it? It is like a mustard seed that, when it is sown in the ground, is the smallest of all the seeds on the earth. But once it is sown, it springs up and becomes the largest of plants and puts forth large branches, so that the birds of the sky can dwell in its shade.” With many such parables he spoke the word to them as they were able to understand it. Without parables he did not speak to them, but to his own disciples he explained everything in private.

MISSION VISION

“To be a sign of faith as an excellent educational institution, sharing in the Lasallian mission of teaching minds, touching hearts and transforming lives.”

Day to day with St. La Salle

“God knows what you are capable of, and he is not going to command you things above your strength. If indeed they are difficult in themselves, it is up to him to impart to you the ability you need to carry them out.” (Med 10.3)

1. The Image of St. Sebastian, patron saint of the St. Sebastian Parish, Lipa City, will be coming to De La Salle Lipa today. Let us be one in spirit in welcoming St. Sebastian and learn from his holy life of being a witness of Jesus. In view of this, the following CLCE classes will proceed to the Capilla at 8:00AM for the said event: CMR 204, LS 105, LS 206, LS 303.

In addition to this, there will be a prayer service in honor of St. Sebastian starting 1:00PM to 3:00PM to be attended by the CLCE classes.

2. Schedule of Class Mass Sponsorship. Homeroom Advisers are requested to accompany your advising class in attending the noon time Mass at the Capilla. Kindly allow the class sponsor of the day to proceed to the Capilla five (5) minutes before 12:00nn because the Holy Mass starts immediately after the angelus.

Computer Trivia#3

Did you know that...

You’ve heard of computer bugs, right? Well, the term “bug” comes from a story that began at Harvard, when employees could not understand why the Analytical Engine was not working. They looked at the program and saw nothing, no problems. They eventually scanned the entire machine and saw a “bug”: a moth, in between parts of the machine. They took out the bug and the machine started working again. It’s a good thing that you don’t encounter such a problem when you’re working on your laptop!

Getting Help for Autism

The earlier a child starts getting help, the better. But figuring out if a kid has an autism spectrum disorder can be difficult at the beginning. A parent is usually the first to think that something could be wrong. Maybe the child is old enough to speak but doesn't. Or a kid doesn't seem interested in people, has a hard time playing with others, or acts in unusual ways.

Often, specialists work together as a team to figure out if there is a problem. In addition to the doctor, the team might include a psychologist, speech therapist, occupational therapist, and teacher.

There is no cure for autism, but doctors, therapists, and special education teachers can help kids learn to communicate better. A kid might learn sign language or get a message across by pointing at pictures. The care team also can help improve a kid's social skills, stuff like taking turns and playing in a group.

Some kids who have mild symptoms will graduate high school and may go to college and live on their own. Many will always need some kind of help. But all will have brighter futures when they have the support and understanding of their families, doctors, teachers, therapists, and friends. So be sure to be a friend!
