

★ Lasallians Are Back! ★

By: Lourdes Anne H. Jaen G10 - 10

Starting the new school year, Lasallians old and new set foot on campus last Monday, September 12, 2022.

After 2 years of solely online learning with the Borderfree system, De La Salle Lipa welcomes its students with arrow-marked paths, sanitation station grounds, and warm smiles underneath customary masks for its hybrid approach to learning.

Incorporating pre-pandemic and pandemic schooling elements, DLSL introduces the Borderfree version 2.0 ++ system to the community. With designated buildings per level and open communal spots such as cafes, canteens, lounges, and LRCs, the Lasallian family can experience the fun and nostalgia of campus life at a safer distance.

To fuel up on the day of onboarding, the Student Coordinating Board (SCB) hosted opening programs at various parts of the campus with giveaways, a freedom wall and photo booth, and live performances from Modern Dance Club (MDC), Mellifluous, DLSL Symphony Orchestra, and other talented performers from the community. Meanwhile, the Brothers and Brother Buknoy greeted students as they headed to their classrooms, where the digital world awaited.

Uniting the online setup with face-to-face students, each classroom has an overhead camera to give the students at home a better sense of what lies in store. To kick off the foundation of the new school year, all students prepared themselves for the familiar daily routine.

Afterward, the onsite students boarded the digital campus with Canvas and their devices. Soon, the homeroom orientation was underway with the Standard Operation Procedures (SOPs), Expected Lasallian Behaviors, Covid Health Safety Protocols, and all the other reminders to cement the structure of another learning journey.

Finally, to welcome the Holy Spirit and its guidance, the school's Capilla De San Juan Bautista De La Salle celebrated the Holy Spirit Mass with messages about family and joining the family of Jesus last September 20, 2022. Selected sections attended on site while the rest joined virtually through the school's DLSL ILFO Facebook Page.

As we all return to our second home, let us remember the people that make it work. Hence, don't forget to be a Lasallian in all ways always, and try making it a habit to let out a friendly good morning or greeting whenever meeting anyone on campus. **Remember, we are all in this together as one community, one family. Welcome back, Lasallians!**
